

Payments by Phone

Domino Credit Union can accept a payment on a member's loan by phone using a debit/credit card. A convenience charge of \$6.00 will be assessed for *all payments* made by phone using a debit/credit card. The \$6.00 fee is charged *per loan* made.

Disclosure:

All payments made by phone must be processed from a debit card showing the member's name. If this payment is processed and a different name is on the debit card you understand that Domino Credit Union will reverse the transaction immediately, however it may take several days for funds to be made available on your card.

There will be a convenience charge of \$6.00 assessed by Domino Credit Union. You will need to check with your other institution to see if they charge for a cash advance transaction.
